As outlined in section 2.3 of the CIB Industry Guidance to Designers, significant risks can usually be progressed as on-site safety from the construction activities, unless the design components or significantly affect these risks. In accordance with CDM Regulations 8, 9 and 11, any significant risks relating to the design features shown on this drawing have been identified and are annotated thus:

No significant risks have been identified.

Significant risks have been identified - refer to notes on drawing for information on residual risks and any control measures to be employed.

Refer to the current Designer's Risk Assessment sheets for further details.
